Run, Jump, Tumble this summer with Amanda Mentuck

Campers will run, jump and tumble as they explore the joy of movement in a fun, friendly, and supportive environment. Students will develop confidence in their ability to perform a variety of gross motor skills as they work individually and cooperatively as a team. We will end the week with a short but sweet Gymnastics Show. Please join us as we launch this special program!

Miss Amanda is a USA safety certified gymnastics instructor, program director, former elite level gymnast and Yellow Jackets coach.
