Jason and I received superb service from Elements Catering and Floral. We were just recently married on Sept. 15 in Hattiesburg! Kelly was amazing to work with. I loved all of her fresh modern ideas. I'm glad I found someone that was "up to date" with wedding planning. I'm very happy that I kept looking for the right caterer and designer for our wedding day!! Elements staff and Kelly were amazing...

Absolutely loved the flowers and design by Elements! I had these beautiful purple custom made columns with tree branches and crystals hanging off of each column in an upward direction. At the base of each branch was a lime green and purple arrangement. Just beautiful!! My aisle way was fit for a queen. Not only was the decor splendid, but the food was amazing. The taste, presentation, and quality was exceptional. Thanks so much to Elements Catering and Floral Design. Your staff was wonderful. I'm pleased 100% with our contractual agreement. I highly recommend Elements Catering and Floral. View them online at www.elementsms.com

I was exceptionally pleased with quality and taste of the food! Elements catering and floral was by far the best caterer I could have possibly chose for my wedding reception. The flowers and design were custom to fit my style and color scheme. They were just perfect! The staff was very polite, professional, and very nicely dressed for the occasion. What a spectacular job!

Absolutely loved Elements Catering and Floral Design! I was in awe when I saw my bouquet. It was customized with fabric and crystals. Kelly was amazing. She really has a eye for design, colors, flowers, and food! My menu was customized as well. The taste & presentation was spectacular. My guests were taking pictures of my buffet tables and arrangements. It felt amazing to have everyone loving every single detail of my event! All thanks goes to Elements. The staff was wonderful and so professional. Thanks Kelly you truly are wonderful. This wedding event would not have been spectacular if it were not for you.
