## *What to Wear*

*~Avoid wearing busy patterns, plaids and stripes. They tend to distract the focus away from you, the subject. Darker shades of color work best especially outside, select earthy warm tones.*

*~Long sleeves or 3/4 length sleeves photograph better than short sleeves or sleeveless. ~Wear natural make-up, but bring it along for touch ups. Lip gloss is always flattering. ~Guys, a clean shave is a must. Avoid the 'just cut' look by having your hair cut a week or two before your session. ~Glasses can distort the shape of your eyes and cause glare. Check with you optometrist to borrow a pair of empty frames.*
