

Wedding Memories Engravable Signature Mat & Frame

A classic keepsake with a contemporary edge, our Wedding Memories Engravable Signature Mat & Frame is a tribute to your wedding day that you'll treasure for a lifetime! Big enough to hold over 300 signatures, this silver alloy mat is a fun and practical alternative to a traditional wedding guest book, making it easy to display your guests' signatures and warm wishes visibly in your home.

Better than a cardboard photo mat, our silver alloy mat bears engraved signatures that will never fade or wear off! Your guests use an included engraving scribe to easily and permanently etch their signatures and wishes into the mat, which is cut to fit an 8" x 10" photo. After the wedding, the beautiful silver mat and black beveled frame beautifully accent any choice in home décor, making this frame perfect for your favorite wedding photo! With this fantastic signature mat set, you'll receive hanging hardware, an engraving scribe, an instruction card for your guests, and a large, microfiber polishing cloth.
