Here, I have over an acre of beautifully landscaped property on which to give you a memory that will last a lifetime. Our sitting fees are reasonable depending on location, availability (of customer as well as photographic artist(myself), and other pertinent information; such as, number of persons, families, etc., and special requests. Most sitting fees, if not all, are donated to the church or good cause. Black & White Portraiture are the same price as color. I look forward to an opportunity to service you and your family.
