

MG photography & design- The *Senior* Experience

Your senior year is an exciting time, it's a time of sentimental goodbyes and new beginnings, a time to reflect on your accomplishments and ready yourself for the tasks still ahead. For some, senior year means deciding on college plans and collecting acceptance letters; for others, it's the beginning of adult responsibilities and a new career. Each student is one of a kind, with his or her own story to tell. Your high school senior portraits should capture your individuality, preserving images of your "new" chapter in life. We hope you find the information listed helpful and welcome any questions or ideas you have. For additional information and sample sessions please check out our information section on our website.

Pets...bring your furry buddy, just make sure you bring along someone to tend to the pet (feeding & clean up) while the rest of your session is completed. Bring a leash and any treats to be rewarded for good behavior.

Wearing glasses? You may consider removing the lenses to reduce glare.

GIRLS: Bring along your make-up and hair spray for touch ups. (Do not apply heavy make up- keep it looking fresh and natural, enhance your lashes with mascara or liner and make sure if you do wear foundation that you apply it to your neck as well. If you are into tanning, please make sure you get it done a couple of days prior so you are not red or sun burned.

GUYS: Shave and you can bring in hair products as well, if your hands are normally dry and rough looking, you may want to use some lotion. Groom your nails and Chap Stick is great for keeping the smile smooth.

If you tend to get shiny, bring in a small cloth to dab your face. If acne is a problem, a facial cleanser should be used a couple of days prior to the session, don't use it the night before, you don't want red or blotchy-irritated skin patches. However light complexion touch up is included in our service so ***don't get stressed about a new blemish the day of your appointment!***
