

## WARDROBE [Style]

It's never too early to start planning for the events of your wedding day. We are here to help in any way we can, from choosing which session you want to the best time of day to get married or how imposing you want us to be during the ceremony or reception. Those are just a few reasons we like to start covering the details of your wedding during the same meeting as your engagement.

## HAIR + MAKE-UP

We believe all of our clients deserve to feel as beautiful outside as their personality reflects. Being a once in a lifetime event, we want to tend to every detail of your high school senior photographic experience. Please let us know if you would like help locating a hair and/or make-up artist for your special day, and we will give you recommendations for partner vendors.

Hiring someone to handle hair and make-up for your session not only frees you of the stress of that component for the day but also ensures you look as beautiful as you feel in front of the camera. This can go a long way toward the end result for your portraits. Just consider it, especially if you question your ability to manage it yourself.

## EXTRA CURRICULAR [Photography]

Since this is all about you, we want to include anything that helps document who you are. Whether you play sports, an instrument, or have any other hobbies, we want to make them part of your Senior Experience. This can take some phone calls, coordination, scheduling, scouting, favors, etc., so please plan in advance and discuss with us your ideas, so we can best accommodate them. Rest assured that we can incorporate and capture this part of your life in a unique and dynamic way. We have photographed over twenty-five unique extra-curricular activities from dancing, basketball, weightlifting and piano to horseback riding, cello, reading and FFA. The list grows every year, and it's one of our favorite parts of senior year photography!
