Thank you for choosing Studio Benton to capture and print your cherished memories. Studio Benton's award-winning printing techniques have been developed to enhance the depth and richness of your images. We look forward to developing your portraits and memories.

**Traditional Portrait Finish:** Traditional is a luster finish portrait mounted on a thick backing board with a clear protective coating, ready for you to frame with or without glass.

**Classic Canvas Portrait Finish:** Classic Canvas is our most popular finish. We print on traditional artist canvas with rich heavy texture and luster protective coating designed to enhance the texture in the canvas. Classic Canvas is mounted on a thick backing board ready for you to frame.

**Museum Wrap Portrait Finish:** Museum wraps are truly a work of art ready for your walls, printed on a fine art woven canvas and stretched around a two inch deep frame. We then coat the wrap with a gloss protective coating to bring out the woven texture and rich color. Museum wraps are perfect on the wall without a frame.

**Museum Wrap Wall Collage:** Looking for a truly timeless way to display multiple portraits on the wall? Studio Benton museum wrap collages give a beautiful design to your portraits on the wall with unlimited options for display. Shown below are a few of our many options.

**Gift Portrait Finish:** Gift Portraits are a great way to share your portraits with friends and family. Gift portraits are printed with a luster finish and designed to be framed behind glass or are perfect for a slip in album.

34" \$1125  
50" \$1995  
64" \$2985

36" \$1255  
54" \$2385  
70" \$3995

36" \$2175  
48" \$3155

Prices shown are for total width of each collage example
