Ordering Notes:

We have recently changed our order form to include photos with siblings or other family members. We also added a Team section by itself for those just wanting a Team or Section photo. New for 2024, if ordering a pin, please indicate if you would like a button or pin back.

Our Option C is a digital option and you will be sent a link to download your digitals when photos are delivered. A QR Code will be distributed with the prints.

If you have multiple children and order Digitals, they would each need their own package but I will also include photos of them together in your package as well as their Section photo and Team photo.

As stated, we accept Cash, Checks and Venmo.

Please make checks payable to Ginger Hites.
